# Claims Consultancy Made Easy

## About

In 2003, Martino Marchetti set the first claims consultancy product which provided Insurance Brokers and their clients with access to an Independent Chartered Loss Adjusting network. CCC is now a market leader and with affordable products and fixed fees in place. The company now assists businesses and homeowners across the UK. With no exclusions or qualifying criteria to worry about, CCC delivers certainty for clients and brokers, with real support and expert advice when it is required.

## How

CCC is more than a claims assistance company — we're a trusted partner to Insurance Brokers, business owners, and individuals, offering flexible, professional support across all types of claims.

We understand the pressure on Brokers to deliver added value. That's why we've developed a range of affordable, claims solutions tailored to everyone from large corporate commercial clients to homeowners.

Our services are unique: no exclusions, no qualification criteria — just real support when it's needed most. We handle all general claims including:

- Property
- Professional Indemnity liability
- Business interruption
- Goods in transit
- Fidelity Guarantee
- Including claims through a UK-wide network of Chartered Loss Adjusters.

With decades of experience in the claims industry, we simplify the claims process with speed to obtain a positive conclusion, helping your clients get back to normal quickly — with the right outcome, every time.

## Challenges We Solve

- Insurance brokers and their clients can focus on growing their businesses without being burdened by complex technical issues
- Reduced administration when dealing with claims
- Access to professional network on-site within 2 hours
- Access to contractors and professionally qualified specialists 24/7 for emergency assistance and reinstatement estimates
- Telephone assistance immediately on any incident occurs that could give rise to a claim.
- Access to professionally qualified specialists 24 hours per day 365 days a year
- Immediate advice on evidence gathering to defend liability claims against you successfully
- Reduce Professional Indemnity Exposure
